

Note:

- a. This flow chart has been created based on the direction provided by [AHS](#)
- b. HS employees will not ask students, parents, or guardians to share student health information (i.e. test results, vaccination status) but a parent or guardian can choose to share this information voluntarily if the parent or guardian would like assistance in determining whether a student must isolate or whether the student can attend school.
- c. If your child has been a household contact of a COVID-19 case in the last 14 days and is not fully immunized it is recommended that the child stay home for 14 days from last exposure.
- d. Source: Adapted with thanks from Calgary Catholic School District

ISOLATION REQUIREMENTS
